DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1-8, 16-23 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 16 contain the language

the first integrated circuit including a chip into which a first drive circuit for driving the first electrodes, and the second integrated circuit including a chip into which a second drive circuit for driving the second electrodes;

and

the first integrated circuit including a chip into which a first drive circuit for driving the first electrodes, and the second integrated circuit including a chip into which a second drive circuit for driving the second electrode.

In this, the language in both claims and in respect to both integrated circuits “the first integrated circuit including a chip into which a first drive circuit for driving the first electrodes” does not have a clear meaning. It appears that it should read “the first integrated circuit including a chip ~~into which a~~ including first drive circuit for driving the first electrodes”. This interpretation has been used for examination.

Allowable Subject Matter

Claims 1-8 and 16-23 are rejected under 112, but if amended to overcome the rejections under 112 as interpreted above, would be allowable.

Election/Restrictions

Applicant's election without traverse of claims 1-8 and 16-23 is acknowledged.
